

## PRODUCT RELEASE

### For Immediate Release

S-P International introduces the new SANNOHM® LRJ Series of High Power Zero Ohm Chip Jumpers.

These new LRJ Zero Ohm Jumpers feature an Ultra-Low resistance value of  $0.5\text{m}\Omega$  max. This series is perfect for High current applications, and they are fully RoHS and REACH compliant. Available in reels quantities of 10K pieces (0402), 5K pieces (0603, 0805, 1206) and 4K pieces (2010, 2512).

With Rated Current Ratings of 20A in a 0402 package, to 100A in a 2512 package, these Zero Ohm Jumpers are ideal for use in Servers, Mobil Devices, Electrical Tools and Power Management Systems.

For more information and a technical data sheet for the LRJ Series, please contact S-P International, at [info@s-pintl.com](mailto:info@s-pintl.com), or call 604-324-4811 (Burnaby), or 905-475-5305 (Markham).
